

The American Bouvier Rescue League
presents

“Handle It!”

with NACSW™ Founder, Amy Herot, CPDT-KA
A non-working seminar for the human part of the team!

Saturday, December 7, 2013
9 am – 5 pm

Milton Center
86 School St., Alpharetta, Ga

Amy Herot’s new workshop, “Handle It!” comes to the southeast for the first time! Perhaps you’ve seen her “Teamwork” presentation? Now it’s time to get the rest of the story! Handling a dog in K9 Nose Work is an art form, developed and honed over time through observation and practice. Body language, leash management, patterns, expectations, foundation, and environment are some of the factors that affect your handling choices and handling success. Nothing replaces experience to help you internalize and finesse the necessary skills for good handling, but a starting place is understanding and observation of the end goal.

In this workshop, Amy, herself a professional detection trainer/handler, will guide us through a myriad of handling factors and examine the pros and cons in various scenarios, and at different stages of training. Review and discussion of video, along with demonstrations will help the handler develop additional tools for their training program, with an emphasis on understanding handling as applicable and appropriate for your dog.

TOPICS

- What is handling?
- Does your dog...?
- Environment specific handling
- Handling choices
- Element specific handling
- Fallout/disadvantages of handling choices

This non-working seminar is open to K9 Nose Work® enthusiasts. It is recommended that you have passed an ORT and are training to trial, but not required.

We ask that you please leave your dogs at home. If you cannot, please be prepared to crate your dogs in your vehicles.

**Continuing Education for CNWI & ANWI
with NACSW™ Founder, Amy Herot, CPDT-KA**

**Sunday, December 8, 2013
9 am – 5 pm**

**Milton Center
86 School St., Alpharetta, Ga**

This non-working, official NACSW™ Continuing Education day will cover skill building exercises for problem solving and complex odor problems. Presented for the first time in the southeast, this day of learning will feature review and discussion of video, along with demonstrations, to help you develop additional tools for use in teaching scenarios.

Topics will include:

- addressing issues that typically arise as students advance in their experience and/or trialing
- understanding how to layer exercises that provide a training foundation to build the dog... and not test
- analyzing and breaking down what we see at trial, and distilling the necessary skills for each training component.

Although attendance at the “Handle It” workshop on Saturday is not required, it is recommended, as the Continuing Education Day will build on discussion and learning from Saturday.

Sunday workshop open only to Certified Canine Nose Work Instructors (CNWI) and Associate Nose Work Instructors (ANWI).

CNWI CEUs: 6.

Fee: \$125, payable to “NACSW.”

Includes snacks, coffee and water. Lunch will be on your own.
